Thank you for participating in this application process. We believe that parents and volunteers are a very important part of CMCS. All volunteers who come in regular contact with CMCS students may be asked to have a criminal reference check. I hereby consent to CMCS completing a criminal reference check against me. I understand that the check will cost me a small fee. These steps are an important part of a process to provide a safe place for our children and to protect our volunteers and give them the confidence to perform their assignments.

I, _____ agree to advise Colin Macdonald Community School of any changes in the information provided above and understand that every effort is made to keep information confidential and under lock and key.
